

The video talked about 2 main skill sets

1. Communication Skills

Keep Things Simple: Avoid unnecessary complexity in explanations and code.

Be Clear: Ensure that your communication is easily understandable.

Less is More: Convey ideas concisely without extraneous details.

Types of Communication:

Oral Communication: Skills in speaking clearly and effectively.

Written Communication: Skills in writing clearly and effectively, including documentation and emails.

2. Marketing Skills

Be Unique: Differentiate yourself and your work to stand out in the field.
